

## Phase 2 Heightened Alert Measures

As of 16 May, the clubhouse facilities have been closed to adhere to the Phase 2 HA (P2HA) measures - no dining-in and no social gatherings allowed.

Members should recognise how open our golf course is as opposed to most other golf courses in Singapore. This vulnerability is our most critical consideration in the current 2-ball game format. If we can ensure "self-regulation" and "self-enforcement" among members and golfers, and with improving COVID situation in Singapore, we will revisit this decision.

Some members have been found not adhering to these P2HA safe management measures. They have been served stern reminders to be socially responsible and to abide by the safe management measures.

Please be reminded to be socially responsible and to adhere to Safe Management Measures at all times. **Failure to do so may result in being asked to leave the Club's premises immediately and membership privileges may be suspended for one (1) month summarily.**

## AGM: Clubhouse Renovations Proposal

By now, members should have received the proposed clubhouse renovations paper, together with the AGM documents. The mood board and a set of FAQs are also available on our website. We encourage members to go through these as we explore how best we can hold dialogue sessions to engage with members.

You will also notice that these documents have been circulated well ahead of the rescheduled AGM on **Sunday 25 July 2021**. We hope that this will provide members more time to discuss, deliberate and consider the special resolutions before making your decision.

## REMINDER: P2HA SAFE MANAGEMENT MEASURES

Thank you for keeping each other & staff safe & COVID-free:
